

Cereal in a Bottle

Age: Toddlers (18-36 months)

This activity helps your child's development in this domain: Physical, Cognitive

What You Need:

Material:

- Dry cereal
- A small-mouthed unbreakable bottle

What To Do:

1. Drop a piece of dry cereal into an empty, unbreakable, small-mouthed bottle.
2. Ask your child to get the cereal out of the bottle.
3. Ask him what is happening to the cereal as he tries to get it out.
