

Tippy Toes

Age: Toddlers (18-36 months)

This activity helps your child's development in this domain: Physical

What You Need:

None

What To Do:

1. Show your child how to walk on tiptoes.
2. Ask her to stand on tiptoes. Hold her hands if she needs help balancing.
3. Tiptoe around the room together, saying, "Look at you. You can walk on tippy toes!"
