Rollercoaster

Age: Preschool-age (3-4 years)

This activity helps your child's development in

this domain: Physical, Language and Literacy,

Cognitive

What You Need:

- Reusable materials such as foam insulation tubes, cardboard, PVC pipes
- Tape
- Balls, marbles, or toy cars

What To Do:

- 1. Research what roller coasters look like in books and videos and talk to your child about the structure of the roller coaster.
- 2. Together gather materials to build your roller coaster. Listen to his ideas on how to connect the different materials. Follow his lead as he adds twists and turns.
- 3. Now have your child place the balls, marbles or toy cars at the top of his roller coaster structure, and together watch as they wind and twist to the bottom.
- 4. Allow him to make mistakes, let him come up with troubleshooting ideas, and share your own ideas on how to fix it.
- 5. Respond to his enthusiasm, give high fives and do it again!
